Product Highlights

A HD Viewing Like No Other

Take your viewing experience to a whole new level with crisp, stunning visuals at greater speed powered by Intel® Iris® Xe graphics. Equipped with 13.3" Sharp IGZO Full HD Anti-Glare TFT Display with In-Cell Touch Technology, Tecra A30-J delivers a comfortable experience, especially for professionals who works long hours. Tecra A30-J also has built-in HD web camera with dual microphone for professionals to take video calls from anywhere.

Strength In Every Inch

The Tecra A30-J was engineered to pass MIL-STD-810G standard testing methodology for strength and durability. The laptop leader also conducts Highly Accelerated Life Test (HALT) and other stress tests across the chassis, hinge, keyboard, and ports of these laptops to deliver the perfect blend of rigidity and flexibility, so you can work in confidence no matter the working environment.
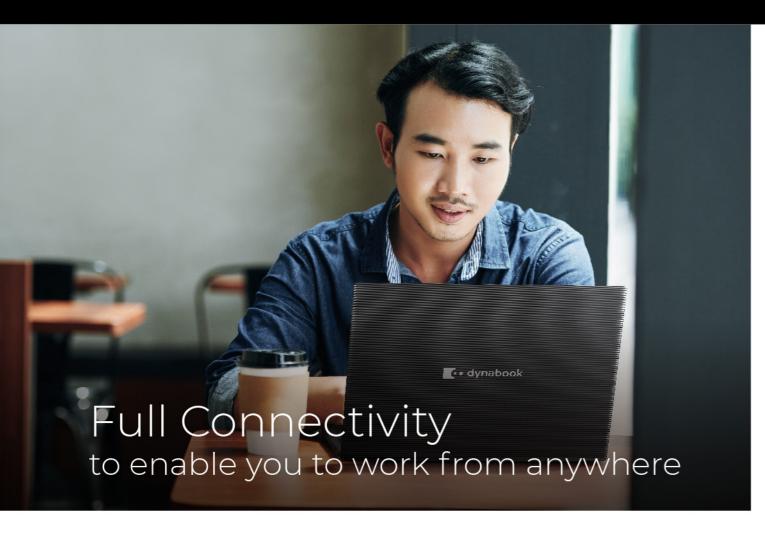

Work With A Peace of Mind

Achieve maximum security with an extensive range of built-in security features to safeguard your business-critical data and prevent cyber attacks. The Tecra A30-J is equipped with Trusted Platform Module v2.0 to boost overall laptop and data security, including optional fingerprint reader and infrared camera for additional layers of convenient security authentication. Building a secure foundation with Dynabook's native BIOS, the only major laptop brand who writes its own BIOS, professionals can work with a peace of mind, focusing on tasks that matters most.

Powerful Performance, Unrivalled Productivity

Work at your best and let Tecra A30-J do the rest. With the latest 11th Intel® Core™ processors, Tecra A30-J running on full power at 28W, 8GB Onboard SDRAM at 3200MHz, and ultra-fast PCIe SSD storage of up to 1TB, the laptop thrives in any corporate environment. Its Quick Charge feature that charges up to 4 hours of battery life from just a 30-minute charge empowers you to achieve more, especially when on-the-move. The Tecra A30-J also delivers premium acoustics with its stereo speakers enhanced with DTS Sound™.

Engineered For Business Mobility

With business mobility becoming a key business trend, Tecra A30-J is designed for professionals like yourself with its thin and sleek built. Just 19.9mm thin and weighing only 1.2kg, the laptop has portability at its core, making working on-the-go an effortless experience.

Travel light with a comprehensive suite of ports from USB 3.0, USB 3.1 Type-C™ Gen 1, HDMI-out, RJ-45 Ethernet LAN, headphone/microphone to microSD card reader, there is no need to carry additional hubs while working out of an office setting. Powered with Intel® Wi-Fi 6 Dual Band Wireless LAN, professionals can stay connected to the business from wherever work takes you.

Uncompromising Laptop Experience For Your Workday and Beyond

With premium acoustics with its stereo speakers enhanced with DTS Sound™, Tecra A30-J is built to deliver quality video presentations and online meetings. With the option of a backlit tiled keyboard, professionals are treated to an all-rounded ergonomic user experience to power productivity and efficiency through comfort and convenience.
